

Coral Reef baseball has been asked to participate again as parking attendees for the upcoming Homestead Formula One race taking place on Saturday & Sunday, February 28 and 29. We will have 25 players participating- the majority being on the varsity squad. Coach Bisceglia is using this fundraiser to help offset costs associated with the varsity's spring trip to Hammond, Louisiana. Therefore, it is imperative that we get **a commitments from at least [4 parents] to help supervise each day.** The players were told to inquire with their parents, but since the short notice, and and difficulty to plan, Coach Bisceglia is asking that anyone who can commit for Saturday, or Sunday, please e-mail him directly so that the operation will go smoothly, and that the team will get the full payment for its work. It is estimated that the team will earn \$1500 for the two-day event. Details will follow on starting and ending times as soon as we have that information.
